Web Announcement 2108

Attention Provider Type 11 (Hospital, Inpatient):

Some Intensive Care Unit Rates Updated

Rates for provider type 11 (Hospital, Inpatient) have been updated per Nevada Medicaid State Plan 19-0016, which was approved by the Centers for Medicare & Medicaid Services (CMS). The rate updates are effective on claims for admissions on or after January 1, 2020, for Neonatal Intensive Care Unit (NICU), Pediatric Intensive Care Unit (PICU) and Medical Surgical Intensive Care Unit (Med/Surg/ICU) services.

Providers may use the [Search Fee Schedule](#) tool on the Nevada Medicaid website to search fee schedules online for specific procedure codes. At www.medicaid.nv.gov, click on "Search Fee Schedule" under Featured Links.

Claims for admissions on or after January 1, 2020, through February 12, 2020, for NICU, PICU and Med/Surg/ICU services that paid the previous rates will be automatically reprocessed. A future web announcement will notify providers when the claims are reprocessed.
